

Trail Blazer

TRB-3500 Trailer System

#1 in North America for
High-Pressure Cleaning Equipment

For On-The-Go Cleaning

Hotsy offers an affordable trailer to provide mobile cleaning anywhere. It's easy - you simply select a hot water pressure washer from a list of available units designed to fit on the trailer and you're ready for on-site cleaning.

Heavy-duty chassis is made of durable 10 gauge steel; 2-by-4 inch formed channel design covered with powder-coated wrinkle black finish for weather protection

200 Gallon water tank features a 7-inch access port plus a 2-inch drain, 1-inch **float valve** and 50-mesh outlet filter

Durable **steel hoop** holds the hoses and is hose reel ready. **Optional hose reels** (shown) connect to the chassis quickly; holds up to 150 ft. of high pressure hose; 2nd reel holds 100 ft. garden hose

Standard high-density white polyethylene **water tank** with 200 gallon capacity

shown with Hotsy 1080BE pressure washer; pictured with optional rock guard, tool box & hose reel

3-way ball valve allows for the water flow to be diverted from the holding tank to a direct water feed from a hose faucet

Features 15-inch **white spoke wheel** assembly

Swivel jack trailer tongue assembly is made to handle up to 1,000 lbs. and features a 2-inch ball coupler for quick & easy hook up of the trailer; 5/16-inch chains are included for additional safety

Wand storage and signage location

Axle assembly features a leaf-spring suspension under-carriage rated at 3,500 lbs.; DOT approved

39-inch tongue length with **swing-away hinge** (rated to 3,500 lbs) means less storage space is needed

FEATURES

- 200 Gallon Water Tank
- Single axle rated to 3500 pounds
- Swing away hinged tongue, saves storage space
- Pick your hot water pressure washer

Frame features a license plate holder and recessed lights; all electrical wiring is recessed within the frame

Includes rear **receiver accessory mount** (not for towing) to accept optional rear utility rack

Nothing Cleans Like a Hotsy!
